

Employer: Community Cooperative Nature School (CCNS)

Position: Early Childhood Education Intern

Background: CCNS is a nonprofit 501(c)3 preschool started in 1962. We are dedicated to fostering happy, socially engaged, independent thinking children through a teacher and parent supported community. We envision a community where children are valued, parents are involved, and early childhood education is the foundation for lifelong learning. In 2020 we launched our Wasatch Wanderers outdoor program under the guiding principle that “Not all classrooms have walls.” Currently we offer part-day classes for 2-5 year olds on-site at our CCNS Campus and off-site at locations in the Salt Lake Valley.

Internship: The Intern will be in the class setting assisting the lead teacher. Depending on the day, the class will be on-site or off-site. Intern will be asked to develop activities that go with the lesson plan depending on the curriculum that week. Intern will be in charge of documenting the children’s work and developing ways to display said documentation.

Pay: This is an unpaid internship but we encourage interns to receive credit through their school. A \$500 stipend is paid on completion of a semester internship.

Available shift options: T-F, 11:45-3:15

Supervision: Intern will report directly to the Executive Director and Assistant and will work with the teachers and staff to achieve objectives and goals. Training will be provided.

#### Qualifications and Requirements:

- Enrolled in a degree-seeking program in a related field
- Strong Communication (oral, writing, and presentation) skills
- Professional presence and demeanor
- Implement daily schedule and routines with teachers and parent volunteers
- Strictly adhere to school’s policies and procedures in conjunction with licencing requirements
- Complete a livescan background check (reimbursable)
- First aid training (reimbursable)
- Comfortable spending 1-3 hrs outside in all weather conditions
