

Children & Teen Program Circles Intern

Job Summary:

The Circles Initiative helps individuals create their own paths from scarcity to abundance. Often people living in scarcity face overwhelming and discouraging barriers leaving them feeling helpless and alone. The most successful paths to abundance include a wide social network of relationships between people from all walks of life. We are focused on permanent change, that happens when we wrap a circle of support from our community around each Participant.

Circles weekly gatherings bring the community together to enjoy dinner, learning and development, children's programming, future planning, and friendship. All participants in the Circles community get to know and inspire each other in an atmosphere of positive support.

The Circles Salt Lake Intern is a part-time position with a \$500 stipend per semester for successful completion of the internship position. This position is focused on overseeing the Children & Teen's program.

The schedule requires attendance at our weekly meetings from 4:30pm-8:30pm with flexibility the rest of the week. We would expect an average of 15 hours per week throughout the semester some of this off-site and some on-site.
